FAR122.40 . Dosage Form 1 : This is the basic course that introduces the students to various pharmaceutical dosage forms, anti-serum, human blood and biotechnological preparations.

Yvonne Tze Fung Tan - USM

Today's pharmaceutical services are patient-oriented rather than drug-oriented. This shift towards patient-centred care comes at a time when healthcare is delivered by an integrated team of health workers. Effective pharmacy practice requires an understanding of the social context within which pharmacy is practised, recognising the particular needs
